Ready-to-use advertisement

This ready-to-use advertisement has been prepared for you to use in newspapers, newsletters and other media. This advertisement has been designed for a six-column format wherein each column is 2 1/6 inches wide. If the column width of the publication you are placing it in is different, you can still use the ad. Your publication's advertising representative can reduce or enlarge the ad to fit correctly.

Insert your own logo, name, address and phone number over the "Dealer Imprint Area" provided in each ad. We've recommended a framing offer to help you increase and track response. If you do not want to include it, ask your newspaper to delete it.
