

# ZEN MASTER OF THE FOREST FLOOR

WES SIEGRIST

Watercolorist Wes Siegrist describes his wildlife paintings as “a reflective attempt to capture nature’s awesome majesty and intricate details ... an effort never to be realized as each observation only reveals more hidden beauty.” His miniature wildlife portraits bring out the best in each of his diverse subjects. *Zen Master of the Forest Floor*, Siegrist’s Top-40-selected contribution to the 2008 SmallWorks North America™ Exhibition and Sale, is an engaging and fun study of one of the wisest faces ever to grace the forest floor.
