Featuring the Original Art of James C. Christensen and Daughters Cassandra Barney & Emily McPhie

Saturday, October 20, 2007
Artist Reception: 6:00–9:00PM
Artist Presentation: 7:00PM

Artist James Christensen, master of the fantastic, and his talented daughters, Cassandra Barney and Emily McPhie, come to Fairfield in a brilliant and diverse show of their latest work. The artistic legacy of hundreds of years of human history shines through the deeply symbolic work of all three artists and whether the subject is floating fish or falling flowers, the influence of medieval and renaissance art is unmistakable. Jim, Cassandra and Emily display a modern approach to classical technique with their award-winning and best-selling paintings and their themes of family, growth and faith. If you love fine art, the opportunity to meet this trio is one you absolutely cannot miss.
